- No one spoke during the call to the public.

Old Business

- November 2012 minutes were read and approved.
- There was an update on the road status with the county. The attorney for the county retired and we have been assigned a new one.

New Business

- Purchase of a new generator. Joe discussed the pros and cons of purchasing a used 500kw generator with only 50 hrs and is local vs. buying a brand new generator which is more than we need and too expensive and/or a used smaller one that would also be much more expensive since it is being shipped in from back east. The location to place the generator was also discussed at length. The generator will be used in case of emergency or fire. Delivery to installation would be 2 weeks to a month to be up and running.
- The remaining CAP water was sold back to CAP for a refund coming the first part of 2013.
- Well #4 was finished up with maintenance and repair. 1600 gal/min flow now. Electrical savings will be increased.
- Well #6 was discussed in regards to maintenance.
- Well # 5 was also discussed.
